420	0-60
530	0-70

Dual Edge Screw Extractor Set

Metal Case 5 Piece

Part No: 471 901

- For damage free removal of broken screws and bolts
- High-strength steel for greater resistance to breaking and rounding out
- Can be turned into clockwise or counter clockwise direction (for right and left hand threads)
- Unique hex shank design works well with all standard hex sockets and extensions or box wrenches, eliminating the problem of rounded corners
- Supplied in metal case for safe and secure storage
- Size range: M8 - M20

Precision Mechanics Scraper 150mm

Part No: 466 150

- Three-edged hollow-ground scraping blade made of alloyed tool steel
- Suitable removing old seals and gaskets from metal surfaces
- Non-slip plastic grip with protective cap

Length mm	Blade Length mm	Edge Thickness mm	Weight g
150	25	8	40

Impact Nail Punches with handguards

- Knocks impact nails for conduit fixing clips or fixing bands directly into concrete (without pre-drilling)
- Two-component soft handguard protects from miss hits, hand slippage and reduces hand fatigue from excess vibrations
