## HOSE CLAMPS AND CABLE TIES

### Introducing the NEW Tridon Hose Clamp and Cable Tie Catalogue

Recently launched, the new Tridon Hose Clamp and Cable Tie catalogue introduces a variety of new fastening products, as well as showcasing Tridon's industry-leading worm drive, T-bolt, and specialty hose clamps.

Listed below are product extensions and additions, please refer to page reference for further information. To receive your copy of the new catalogue please contact Tridon customer service.

### PRODUCT ADDITIONS

#### Irrigation Clamps IR Series

Pages 50-51

- 304 stainless steel and UV stabilised silver zinc and aluminium coating for high strength, durability and corrosion resistance
- Provide an efficient, simple, cost effective, reliable clamping solution for all popular poly pipes and fittings used in irrigation, agriculture, farming, manufacturing, industrial and OEM applications
- Available in sizes 12 – 38mm in various pack sizes

#### Constant Tension TCT Series

Page 19

- Featuring heavy duty constant tension spring loaded perforated band clamp design, ideal for high temperature hose environments applications where even pressure distribution and constant tension is required.
- Utilising 304SS band and housing, 410 SS spring washer and carbon steel screw deliver high strength and durability.
- Available in sizes 14 – 265mm in various pack sizes
- Commonly used on exhaust systems, radiator and intercooler pipes in heavy duty automotive, truck, mining, agricultural and industrial applications

#### Spring T-Bolt TTBX Series

Page 33

- 304 stainless steel and carbon steel
- Features spring loaded screw T-bolt design for even pressure distribution and constant tension in fluctuating temperatures
- Available in sizes 51 – 224mm
- Ideal for use in high temperature hose environments including radiator, intercooler and exhaust applications
